

Pulsar

the visible difference

Pulsar IPL treatments can correct a variety of benign skin conditions. It is a safe, non-invasive solution that can be tailored to your individual requirements and will provide superior results that you will not find in a bottle.

IPL skin rejuvenation treatments generate a smoother, more youthful texture and complexion to the entire face as it stimulates your skin's natural collagen, reduces fine lines typically reducing the skin's age by 2 years per treatment.

Pulsar IPL can also correct age spots, sun damage, rosacea, broken capillaries and spider veins, which cause redness to the face.

With its headquarters set in South Wales, Pulsar, is a powerful combination of quality UK manufacturing and precision engineering with over 16 years' worth of experience in laser and IPL. Combined with first class knowledge of the consumer-facing health and beauty industry, Pulsar has taken skin-care and IPL to the next level with its third generation of professional beauty machines. Don't take a chance by going elsewhere book your treatment with a Pulsar IPL machine to get the best results.
